

WARNING 250

Red & White Warning Tape, 250meters

Highly visible red and white stripes ideal for marking bounds and dangerous areas, giving warning to public where it is not safe.

Features:

This barricade ribbon is made of 100% new polyethylene. Non-adhesive safety warning tape widely used in construction areas, painting work areas, safety warning scenes and any potentially dangerous areas. High visible, Waterproof, Easy to unroll. Thickness: 0.03mm. Width: 75mm. Length: 250meter per roll.

HIGH VISIBILITY: The striking bright red/white stripes of the barricade tape makes it very noticeable when entering a hazardous area. Made with premium materials, this safety tape is not flimsy.

TEAR & WEATHER RESISTANT: Must have for contractors as it will not tear or sag easily once installed on trees or posts as this barrier tape is flexible even under high wind speeds or tremendous force. Prevents accidents and injuries by securing the perimeter on construction sites
